
This assignment contains 1 pages (including this page) and 1 questions. Check to see if any pages are missing.

These pages are indexed to the videos for this course.

Grading

Your answers must be hand-written on printed copies of the notes.

- I will not accept typed answers
- I will not accept answers written on notebook paper.
- This document will only be "spot checked." Not all answers may be graded.
- *Don't skip questions!* If you don't know an answer, at least give it a try. Or explain what you don't understand. Put a big star or arrow around the points you don't understand and ask about them in class.
- Keep your copy. When I make up the test I will go down the notes page and draw inspiration from these questions when making up the exam. These notes pages will be good study guides.
- You may write any lingering questions or muddy points at the end of the document. Then ask in class
- Scan this document into a .pdf file and turn it in. If you don't have access to a regular scanner then install a "CamScanner" app on your phone or tablet. They work pretty well. Photographs will not be accepted. You must scan to a .pdf document.

Video 01.010 Course Overview

1. The videos are based on handouts that are available in a github repository.
What is the URL of the github repository?
